

# Let's Bake!

**What:** This is a 6 week hands-on after school course where your kids will learn how to use basic ingredients to make a variety of baked goods including cupcakes, cheesecakes, quick breads, granola bars, strawberry shortcake, and other delicious creations. During class they'll learn basic baking and cooking techniques including measuring, grating, mixing, folding, and many others. We'll also spend a little time doing experiments and playing games that will teach more about the baking ingredients we use. At the end of each class, they'll be able to taste their wonderful creations and take home a copy of the recipes we used so they can bake them at home for your family!
